

LumiArt

A versatile coated wood-free brand for HSWO printing. This family offers sharp contrast, smooth performance and consistency every time.

A woodfree multicoated high gloss art paper for most demanding HSWO printing. The exclusive print evenness and print gloss give outstanding detail and luxurious appearance on images. Excellent runnability, low ink consumption and excellent ink drying ensure high productivity and profit on the most modern presses.

Product features and benefits:

Forest Stewardship Council® certified

Manufactured to the international environmental standard, ISO 14001

Associated qualities:

LumiSilk

Environmental statements:

When printing on LumiArt, you may wish to include a combination of the following environmental statements on your work. LumiArt:

- contains material sourced from responsibly managed forests, **certified in accordance with the FSC (Forest Stewardship Council)***
- is manufactured to ISO 14001 international standard, minimising negative impacts on the environment

* Omit bold copy if your company or printer is not FSC certified

FSC logo usage guidelines:

The FSC logo can be used on publications printed on LumiArt. Should your company or printer have certification to the standard, you should use FSC MIX logo from the FSC Product Labelling Guide. An example is shown below:
