

# Symetrique Offset

Produced from 100% eucalyptus pulp, Symetrique is ideal for those that seek high quality printing and an excellent finish.

Symetrique Offset is available in 80g/m<sup>2</sup> only and is used for books, continuous forms, notebooks and general printed matter. It is ideal for those seeking high quality printing, with great sharpness, and intense, vivid and uniform colour reproduction.

## Product features and benefits:

Forest Stewardship Council® certified

Manufactured to the international environmental standard, ISO 14001

## Environmental statements:

When printing on Symetrique Offset, you may wish to include a combination of the following environmental statements on your work. Symetrique Offset :

- contains material sourced from responsibly managed forests, **certified in accordance with the FSC (Forest Stewardship Council)\***
- is manufactured to the ISO 14001 international standard, minimising negative impacts on the environment

\* Omit bold copy if your company or printer is not FSC certified

## FSC logo usage guidelines:

The FSC logo can be used on publications printed on Symetrique Offset. Should your company or printer have certification to the standard, you should use FSC MIX logo from the FSC Product Labelling Guide. An example is shown below:
